
ADF32: driver data-sets for ADAS802 calculations

Provides driver datasets for ADAS802 distorted wave cross-section calculations.

Utilising subroutines :

ADAS802

Formatted files to ADF32 specification :

Database Status Date = March 17 , 2003 Data type = ADAS802drivers Data root = /.../adas/adas/adf32/

sequence libraries Members elements Comments

Data lines :
